Cedar Rose's Data Licensing Solutions offer reliable source-graded data that allow you to:

- ✓ Ensure data integrity and security
- ✓ Unlock new growth opportunities
- ✓ Simplify and optimise your operations and reduce costs.

With the abundance of data today, it can be challenging to identify reliable sources that meet your business needs.

This leads to costly mistakes that impact your decision-making.

Reliable Comprehensive Data for Informed Decision-Making

With our Data Licensing solution, you can:

Effortlessly Access & Manipulate Data

- Easily access our centralised and customisable data and incorporate it into your workflow via a seamless API integration or on-premise SFTP bulk download.
- Leverage the data to extract the maximum value for your specific needs.

Interpret Data Effectively

- Gain clarity with in-depth insights on companies, directors, shareholders, and UBO linkages.
- Leverage entity hierarchy intelligence for seamless navigation.

Guarantee Accuracy and Accelerate Decision-Making

- Use our standardised source-graded quality data for accurate analysis and interpretation
- Benefit from clean, reliable, and comprehensive data resulting from our AI-modeling and automated quality checks
- Make accurate decisions with our reliable and verified data delivered with date stamps and quality grades.

Enhance Usability and Inclusivity

- Overcome language diversity barriers via our language accessibility features
- Promote better inclusivity via our translated, and transliterated data from local languages into English and Roman characters respectively.
- Ensure data management efficiency with our reliable, flexible, and secure data delivery.

Save Time and Effort through Customisation

- Access pre-filtered, region-specific data tailored to your unique business needs.

Ensure Scalable Growth

- Confidently scale your business knowing that we can easily meet your evolving data requirements.

Evolve Your Business with Data

Gain a competitive advantage and crush your data challenges by relying on our:

- Unrivaled **MENA** expertise and **27+** years of experience
- Our commitment to accuracy, integrity, and reliability in all aspects of data collection, and reporting along with our adherence to **ISO27001** and compliance with strict **GDPR** regulations
- Flexible delivery via bulk download or API integration
